### Fabric

#### Stretch.

77% polyester  
20% cotton  
3% elastane  
250 gsm

This fabric offers an excellent balance between durability, comfort, and elasticity.

- Polyester provides durability, dimensional stability, quick drying, and is essential for maintaining the intensity of fluorescent color, allowing compliance with the EN ISO 20471 high-visibility standard.
- Cotton improves breathability and adds softness against the skin.
- Elastane adds flexibility, promoting freedom of movement and ergonomic fit.

### Tapes developed by Velilla Group
