## Softshell vest two-tone

### Fabric

**Softshell with fleece lining and TPU membrane.**

**Outdoor.**

96% polyester  
4% elastane  
280 gsm

**Lining.**

100% polyester  
115 gsm

**Washing instructions**

Max temp. 30°C  
Do not bleach  
Do not iron  
Do not dry clean  
Do not use the dryer

**Recommended printing techniques**

**Triple-layer Softshell Fabric**

Technical fabric made up of three integrated layers that combine weather protection, thermal comfort, and freedom of movement:

**Outer Layer:**

Elastic polyester fabric with DWR (Durable Water Repellent) treatment, acting as the first barrier against wind, water, and abrasion.

**Middle Layer:**

Microporous TPU membrane that provides water and wind resistance while maintaining high breathability to allow body vapor to escape.

**Inner Layer:**

Inner fleece lining that offers thermal insulation and softness, ensuring comfort in cold climates.

Water Resistant

Resists water penetration and repels it under light rain or splashes.

Breathable

Evacuates water vapor ensuring efficient thermal regulation.

Windproof

Prevents wind from passing through, helping to maintain body temperature in cold and windy conditions.

Elastic fabric that optimizes anatomical fit, provides greater freedom of movement, and enhances comfort.

### Pilling Values

4-5

*Pilling: measures the fabric's resistance to abrasion on a scale from 1 to 5. The higher the value, the greater the resistance.*

- Excellent
- Very good
- Good
- Average
- Low
- Very low

### Certifications

#### Garment certifications

EN 20471

1

Basic visibility level. It is suitable for work in environments with minor risks, such as private areas or where traffic does not exceed 30 km/h. They are appropriate for environments where there is a safe distance between the worker and traffic or moving machinery.

ISO 13688

Quality standard regarding ergonomics, safety, size designation, aging, compatibility, and marking of protective clothing (P.P.E.)

#### Velilla Group certifications

**Management system** that allows the company to control its environmental aspects.

Certified by AENOR ISO 14001 GA-2023/0227
